## ***Have You Oiled Your Bible?***

***Fred W. Cropp, President of the American Bible Society, once received a letter asking, "What do you recommend for keeping the leather of Bibles from getting stiff, cracking, and peeling?"***

***His reply was, "There is one oil that is especially good for treatment of leather on Bibles. It will ensure your Bible stays in good condition. It is not sold but may be found in the palm of the human hand."***

***Have you been "oiling your Bible" lately? Reading just four chapters a day will complete the entire Bible in a year; one chapter a day will complete the New Testament in two hundred and sixty days; three chapters a day will finish the New Testament four times a year; nine chapters will complete it once a month.***
